

TO ALL APPROVED DRIVING INSTRUCTORS

Following yesterday's announcement by the Health Minister, Robin Swann MLA, on the revoking of the various COVID 19 Regulations, I wanted to confirm to you all that although the Regulations have been revoked, the requirements remain in public guidance, and therefore the requirement to wear a face covering during the driving test remains in place for both driving examiners and test pupils. Similarly, all Approved Driving Instructors should continue to follow public guidance on the wearing of face coverings while providing instruction.

We are also retaining other mitigations during the driving test, including termination of a test where the candidate has failed.

Thank you for your continued support and cooperation.
